QUICK RELIEF  
FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

Pvt. Lisle C. Webster. The unveiling of the new stars and triangles was done by members of the families or intimate friends, all standing as the gold star for Raymond Lee was shown. Before the pictures were shown a large flag which had been folded was dropped and stars containing the addresses of those on the honor roll were scattered, people gladly volunteering to write to the one whose address they received. As photos were shown the explanations of the work of each one showed the overseas experience of Rev. William L. Bolcott. Principal Reinher, who has been doing Y. M. C. A. work through the summer, was also shown. At the close the picture of Perry Aldrich, whose death is confirmed, an honored teacher whose star is on the flag of the Methodist church but whose work was community wide, and Dr. W. L. Wasson, whose gallant home service was an aid in sparing someone for overseas work was shown. A service of intercession for soldiers and sailors as used by the American church in Bordeaux was used and solo were rendered by E. G. Miller and Miss Mildred Breene. The audience felt very deeply through the service, reverently standing while the photos of Mr. Aldrich and Dr. Wasson were shown.

SOUR STOMACH  
AND NERVOUS  
INDIGESTION

One Symptom of Which Most Sufferers from This Disorder Complain.

Nervous indigestion, or nervous dyspepsia, is not a disease of the digestive organs.

Strong emotions, such as grief or anxiety, will arrest the process of digestion suddenly. This shows how completely the nerves control digestion. If the blood is thin and the nerves are undernourished, your food does not digest, but ferments, and you have sour stomach, with eruptions of gas and a feeling of pressure around the heart. These are common symptoms of nervous dyspepsia and they can be corrected, as the following statement shows:

"I suffered from nervous indigestion for over three years," says Mrs. A. M. Rolfe of No. 47 Adams street, Portland, Me. "After eating I would fill right up with gas, and my heart would seem to jump. I could eat only light foods, had bilious attacks and frequent sick headaches. I had no color at all and lost flesh and weight. At times I would be all of a tremble with nervousness, and I did not sleep well."

"Dr. Williams' Pink Pills were recommended to me by a lady who had used them with benefit and before I had finished the second box I could see that they were doing me good. My nerves were quieter, and I suffered less pain after eating. I kept on with them, and in fact still keep them in the house as a family medicine. I shall always recommend Dr. Williams' Pink Pills, for I can truthfully say that they helped me when other medicines failed."

Dr. Williams' Pink Pills, a tonic for the blood and nerves, have been used with great success in the treatment of this form of stomach trouble. Cold baths in the morning, followed by brisk friction with a rough towel, will help, as they stimulate the circulation, but a tonic treatment with Dr. Williams' Pink Pills by building up the blood, restoring the nerve force and making the stomach able to do its work, gives the most lasting benefit. With their use the appetite increases, digestion becomes normal and improvement in the general health follows with certainty.

You are trying no experiment when you take Dr. Williams' Pink Pills. They cannot harm the most delicate system.

In spite of the increased cost of all drugs, the price of Dr. Williams' Pink Pills has not been changed. Your druggist does not pay any more for the pills than he ever did. He can supply you or you can order direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., and the pills will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50. Write to-day for a free copy of our diet book.—Adv.
